MRS. MCKINLEY'S CONDITION SAID TO BE CRITICAL.

SAN FRANCISCO, May 15.—It was generally reported in this city this afternoon that the condition of Mrs. McKinley is extremely critical. Nothing of a definite nature can be learned as Secretary Cortelyou, the only avenue of official information declines to make public at present anything tangible regarding happenings in the sick room.

STRICKEN IN CUSTOM-HOUSE

George Mosle, an Aged Banker, Suddenly Taken Ill.

George Mosle, head of the banking-house of Mosle Bros. of Exchange place, was taken suddenly ill this afternoon while signing a bond in the law division of the Custom-House.

He was taken to the Hudson Street Hospital in an ambulance.

It appears that Mr. Mosle had sustained a stroke of paralysis. He is seventy-two years old and was a man of powerful physique.

At the Hudson Street Hospital the ambulance surgeon's report shows that Mr. Mosle refused to enter and took a cab to his residence, No. 34 West Fifty-sixth street.

The surgeon said it was not a very serious attack.

BIG PROFITS FOR CORN KING.

Shorts Settle with Phillips for 500,000 Bushels at 60 Cents.

CHICAGO, May 15.—May corn, which has been cornered on the Board of Trade, and which has been rather inactive for ten days past, advanced to a new high price record to-day, when it sold at 60 cents a bushel. This is the highest price since the corner of May, 1892.

Broker Phillips, who formed the corner, did the market up, but secured only a few small lots. It was rumored that he had permitted shorts to settle for 500,000 bushels privately at 60 cents.

A net gain of 4 cents was registered at the close for May, which was at 55.

POLO GROUNDS, May 15.—George Davis, boss of the pennant-race leaders, gathered his young bloods about him on the porch of the club-house before the game to-day.

"Well, we're it finally," he began, "but don't take the sweatbands out of your caps because we're out in front at the eighth pole. Remember, we've got a long route to travel yet before we get within hailing distance of Pennantville. Just keep on hustling and playing the game and we'll give 'em a race all season."

Davis's Warning Words.
"I have known a few ball teams who imagined that because they were out in front they were the best in the big and were bound to win out. You'll get-

erally find that the chap that gets chesty forgets how to hit the ball and usually gathers a fine bunch of errors and a few tropical roasts before he comes back to his normal condition.

"Just keep on hustling and we'll have a fair lead over the rest of the bunch by the time we are through with these boys from the West. We've got 'Matty' in the box to-day and we ought to come home on the bit, as my friend Aleck Smith would say."

"But don't let the kid do all the work. Work as hard behind him as you would if somebody else was doing the hitting."

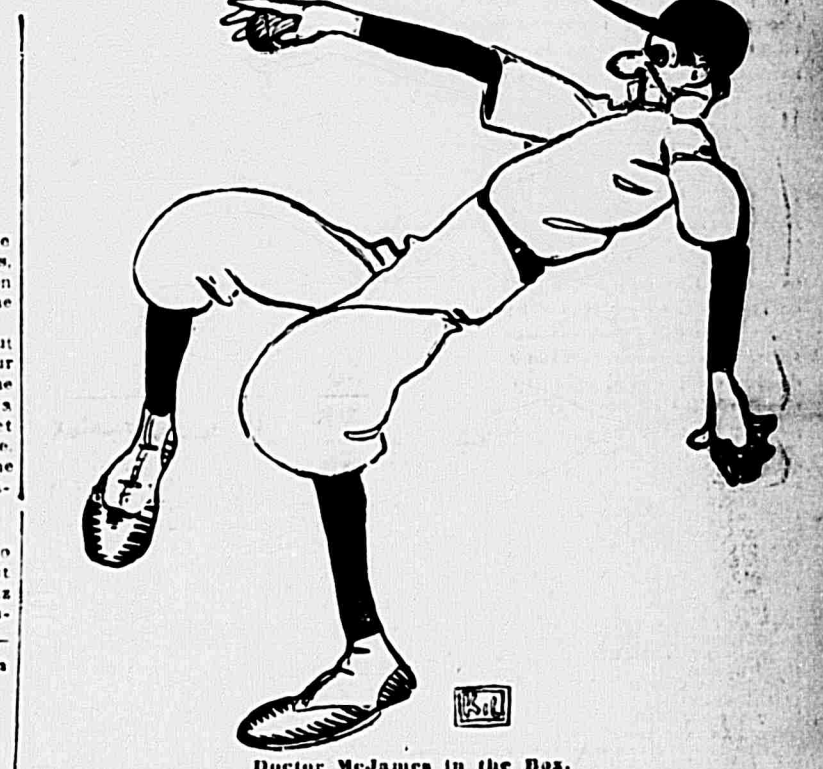

Out for the Seventh Win.

"Aye, aye, Cap!" chorused the young bloods, whereupon they cantered out on the lot with an air of self-confidence that presaged another victory to-day.

If the Giants bag the game it will make seven wins in a row, which will be an astonishing performance for a New York ball team.

The fans came early to watch that

(Speed to The Evening World.)
WASHINGTON PARK, BROOKLYN, May 15.—Manager McPhee and his team of "Heinties" turned up for to-day's game with the champion Brooklyn in low spirits. Their defeat yesterday, when they had the game in hand, was a sad blow to the Cincinnatians. They not only dropped from first place in the pennant race, but their chance of regaining the position of honor at once seems slim. Both New York and Brooklyn teams are playing winning ball.

Before the game McPhee called his men together and said:

McPhee Pleads with His Men.

"Now, boys, I want you to go right at these fellows to-day and get even with them. I know you can do it, and if you are successful you will make me the happiest man on earth. This is my first year as manager of a ball team. I want to win."

The Reds indulged in the liveliest kind of practice previous to the game. Even Amos Rusie showed considerable agility, due to the Reds' outfielders and also showing plenty of speed while warming up with the rest of the Heinties' twirlers.

Phillips vs. McJames.

McPhee was undecid at first who he would put in to twirl against the Champions, but finally selected Phillips to unload his collection of fast and slow bend-ers at Hanlon's bunch.

Manager Hanlon thought that Dr. McJames was capable of beating the Reds.

McPhee this afternoon released Catcher Mike Kahoe. The club has seventeen players and the new rule of the League only allows a team to carry sixteen players after May 15. Kahoe will probably be signed by the Boston Club of the American League.

First Inning.

McBride waited patiently and walked to first. He got to second on Dobbie's

sacrifice. Dahien made a sensational one-hand stop of Beckley's apparently safe grounder and Jake was out. McBride reaching third. Crawford's line drive to deep centre was pulled down by McCreery. No runs.

Sheppard lifted a pop fly to Steinfield. Keeler sent a slow grounder to Phillips and was out at first. Irwin made a pretty pick-up of Kelley's fast bouncer and nulled him at first. No runs.

Second Inning.

Steinfeld struck out. Sheppard made a remarkable running catch at Irwin's fly to keep left. Magoon, first on four wide ones. A wild pitch advanced him another bag. Bergen also drew a free pass. Both were left on base, as Phillips struck out. No runs.

Daly trotted to first on four wide ones. Dahien raised a high foul fly, which Irwin smothered. Daly was caught stealing. McCreery struck out. No runs.

Third Inning.

McBride walked and was promoted to second on Dobbie's sacrifice to Keeler. Beckley was retired at first by Dahien. Advancing, McBride to third. Crawford's high fly was captured by Sheppard. No runs.

Chalmers sent a high one to McBride. Dahien smashed the ball to the deep centre for three bases. James struck out. Sheppard out.

TROOPS TO TROY

Mayor Conway Issues a Proclamation Warning Citizens to Keep the Peace—Buffalo Regiment Likely to Be Ordered There—2,765 Soldiers Now at Albany to Awe the Car Strikers.

The car-strike crisis has reached Troy, and troops are to be hurried there as they have been to Albany. The Buffalo regiment is likely to be ordered to the Collars and Cuffs town.

Mayor Conway, of Troy, this afternoon issued a proclamation warning all citizens to keep the peace and not congregate on the streets, as he is determined to protect the United Traction Company's property.

It was decided by the United Traction Company late this afternoon not to start cars in Troy this afternoon or to-night. Supt. Smith said there was trouble enough in Albany without bringing any more on at Troy.

A force of 2,765 guardsmen and 500 police and deputies is assembled at Albany to keep the peace. The cars will be started out at the capital morrow.

Mounted soldiers and police cleared a huge crowd from the Quail street car barns this afternoon and attempts will be made to repair the trolley wires.

The Twenty-third Regiment, of Brooklyn, is stationed at the Quail street barns and at Beaverwyck Park.

Major-Gen. Roe said this afternoon: "The company will be fully

Broken Bridge Made It Hard for Them to Get to Work, So They Struck.

TAMPA, Fla., May 15.—A strike of 6,000 cigarmakers was inaugurated here to-day for the most unique cause on record. For two days past a bridge connecting Tampa with the western suburbs has been broken and the men had to wait for ferry-boats. This was slow and unsatisfactory.

Those employed on the west side got together to-day and decided to compel the manufacturers to bring influence to bear for the purpose of having the bridge repaired immediately. To this end they decided to strike.

Cigar manufacturers lost many thousands of dollars on the tobacco prepared for to-day's work.
